

Fühlerformen / Phial forms

| | | | |
|--|---|---|---|
|  <p>Diagram of probe form RA. It features a zigzag spring at the top, a thin wire, and a cylindrical body with a pointed tip. A dimension line indicates a diameter of $\varnothing C$.</p> <p>RA</p> |  <p>Diagram of probe form RB. It features a zigzag spring at the top, a thin wire, and a cylindrical body with a flat top. A dimension line indicates a diameter of $\varnothing C$.</p> <p>RB</p> |  <p>Diagram of probe form DK. It features a zigzag spring at the top, a thin wire, and a cylindrical body with a rounded bottom. A dimension line indicates a radius of $R7$.</p> <p>DK</p> |  <p>Diagram of probe form HK. It features a zigzag spring at the top, a thin wire, and a cylindrical body with a rounded bottom. A dimension line indicates a diameter of 14.</p> <p>HK</p> |
|  <p>Diagram of probe form VK. It features a zigzag spring at the top, a thin wire, and a cylindrical body with a rounded bottom. A dimension line indicates a diameter of 9.3.</p> <p>VK</p> |  <p>Diagram of probe form B23.5. It features a zigzag spring at the top, a thin wire, and a cylindrical body with a rounded bottom. A dimension line indicates a diameter of $\varnothing 23.5$.</p> <p>B23.5</p> |  <p>Diagram of probe form B15A. It features a zigzag spring at the top, a thin wire, and a cylindrical body with a rounded bottom. A dimension line indicates a diameter of $\varnothing 15$.</p> <p>B15A</p> |  <p>Diagram of probe form B20. It features a zigzag spring at the top, a thin wire, and a cylindrical body with a rounded bottom. A dimension line indicates a diameter of $\varnothing 20$.</p> <p>B20</p> |
|  <p>Diagram of probe form B15B. It features a zigzag spring at the top, a thin wire, and a cylindrical body with a rounded bottom. A dimension line indicates a diameter of $\varnothing 15$.</p> <p>B15B</p> |  <p>Diagram of probe form B31. It features a zigzag spring at the top, a thin wire, and a cylindrical body with a rounded bottom. A dimension line indicates a diameter of $\varnothing 31$.</p> <p>B31</p> |  <p>Diagram of probe form B10. It features a zigzag spring at the top, a thin wire, and a cylindrical body with a rounded bottom. A dimension line indicates a diameter of $\varnothing 10$.</p> <p>B10</p> |  <p>Diagram of probe form HR45. It features a zigzag spring at the top, a thin wire, and a curved body. A dimension line indicates a radius of $R45$ and a diameter of $\varnothing 4$.</p> <p>HR45</p> |
